With stunning mountain views and bathed in the triple exposure of its strategic southwest and north-facing position, Chalet 1850, sleeping 8+4 in five beautiful bedrooms, effortlessly blends cutting-edge technology with French alpine aesthetics.

The top floor hosts the heart of the chalet, featuring an open-plan living, dining, and kitchen area. Bespoke design and furnishings in the living space create an intimate vibe, complemented by breathtaking mountain views and the warmth of the wood-burning fireplace.
