VERBIER

AN EXCEPTIONAL MOUNTAIN RETREAT focused on

high-end design, plush furnishings and beautiful vistas

This chalet's impressive architecture and interior finish, coupled with its elevated position overlooking the mountains, make this property one of Verbier's finest. This stunning private home sleeps ten adults and three children in five bedrooms. Delight can be found in every detail from its exquisite coffee tables, elegant wicker arm chairs and luxurious sofas, accented with bold flashes of colour, intriguing artefacts and designer light fixtures.

Nestled into the hill and just moments away from the Moulins beginner's piste, Chalet Bioley is in the heart of Verbier. Its perfectly positioned windows and extensive balconies face south, capturing sunshine and allowing you to soak up the rays all day. Its close proximity from Les Moulins, with its beginner ski runs, nursery and afternoon sledging possibilities, make it ideal for families looking to make the most of their ski holiday in Verbier. For the keen skiers in the group, you can ski back to the bottom of the Le Rouge piste which is a 400m walk from the chalet.

You enter the chalet on the lower ground floor through the ski and bike storage area. A six-person lift runs throughout the property allowing easy access to each floor.

Moving upstairs, to the upper ground floor, you will find three elegantly appointed, individually designed bedrooms and one family suite with a double bedroom as well as a children's bunk room sleeping three. All of the bedrooms have either an en-suite shower or bathroom and most open out onto the beautiful south-facing terrace. One of the three bedrooms has a 150x200cm double bed.

From the terrace, you can access the impressive outdoor hot tub and fire pit providing you with your very own après ski experience from the comfort of your chalet. Take in the superb views and allow your hosts to serve champagne whilst you soothe your aching muscles after a hard day on the slopes.

Moving up to the second floor you will find the impressive open-plan living and dining area, flooded with natural light and boasting glorious views from the floor-to-ceiling windows that open out onto the large balcony.

This is an ideal space for entertaining and socialising. The living area is cosy, complete with a large stone fireplace and enlivened with a contemporary finish including burnt orange, teal and aqua blue hues.

A sumptuous L-shaped sofa is the ideal spot to find yourself, on a snowy winter's evening, warm drink in hand, in front of the roaring fire. With the press of a button, a large flat screen TV is revealed which comes equipped with Apple TV, Netflix and International TV channels. The chalet is fully equipped for sound and is home to a state-of-the-art Bose sound system which can be linked to Bluetooth to stream your own playlists.

Designed with entertaining in mind, you will find a contemporary and ideally positioned bar just next to the living area which is complete with luxurious velvet green stalls and a fabulous seating area.
