

CHALET GALENA

SWITZERLAND

VERBIER

SITUATED IN THE HEIGHTS OF VERBIER with jaw-dropping mountain views, is the cute and cosy Chalet Galena, a wonderful freestanding family chalet full of characterful features.

This charming chalet sleeping 5 perfectly balances a rustic feel and inviting ambience with modern indoor finishes, and has everything a family could need to enjoy a holiday in Verbier. Just a 3-minute drive from the Savolyeres ski lift station, guests can be whisked up the mountain to hit the slopes and can easily explore to the rest of the expansive 4 Vallées ski area. The center of town is a 6-minute drive down the hill, and there are good connections available with a regularly-serviced bus stop at the end of the road.

Entering the chalet through the garden gate via a very private entrance nestled among pine trees, you are greeted by the entrance hall and a boot room with plenty of available space for your outerwear. Up a small flight of stairs are the open-plan study area and living space, where cosy sofas invite you to take in the sweeping views. There is also a flat-screen TV and Sonos throughout the space.

French doors open out onto a small balcony where two chairs offer a perfect spot for morning coffee, and the views of the snowcapped mountains are simply breathtaking. You are completely un-overlooked here, and the area is peaceful and quiet. Following some steps down to the main garden, you will find a semi-covered terrace with an outdoor table seating four, a barbeque, two sun loungers, and a small grassy area where children can enjoy playing in the snow.

Dividing the living room from the open plan kitchen and dining area are a small flight of stairs and a unique wood-burning fireplace, with glass on both sides allowing it to be enjoyed in both areas of the chalet.

Here, a round dining table seats up to five, with a glass door opening straight out to the terrace. Surrounding the table is the spacious and modern kitchen, with sleek cabinetry and high-quality fixtures providing the perfect setting and all the necessary equipment for cooking family dinners during your stay. Behind a sliding door is the pantry area and a laundry room.

On the top floor of this beautiful chalet and accessible by a flight of floating stairs from the living area, is the master bedroom. With wall-t-wall wardrobes, a plush double bed and french doors flooding the space with light and offering the same incredible views, you can wake up above the clouds each morning. There is also a small private balcony, and a spacious en-suite with a separate bath and shower, toilet, and his n' hers sinks. Across a small landing on the same floor is the single bedroom, with a small wardrobe space and single bed. We can also provide a cot if required.

The final bedroom occupies the bottom floor, with a neutral colour palate accented by pop art, generous wardrobe space and a double bed. There is also a shower room with a toilet on this floor.

There is a separate indoor parking garage with one designated parking space for guest use.
