REDEFINING THE LUXURY CHALET EXPERIENCE

BEAUTIFUL SKI-IN CHALET, situated in one of Verbier's
most desirable locations

DESCRIPTION

REDEFINING THE LUXURY CHALET EXPERIENCE

Chalet Mowgli was completely renovated and completed in 2018 and is an ideal base for families or a group of friends. This stunning chalet sleeps eight adults and two children in five gorgeous bedrooms. Not only is the chalet in one of Verbier's most coveted locations (allowing you to ski directly to the chalet door when snow permits), its elevated position also offers incredible views of Mont Rognon and Petit Combin as well as the pistes of Verbier.

Entering the chalet on the first floor you are immediately drawn to the view, which is framed by double height windows at the front of the property. The doors lead out to a huge balcony with breathtaking views of Verbier and the snow-cloaked mountains beyond. This sun-drenched balcony is the ideal spot to soak up some winter sunshine while watching skiers sashay down Le Rouge piste with a glass of something sparkling in hand.

Back inside, the large and spacious open plan kitchen, living and dining room lends itself perfectly to modern family living. By day, the space is flooded with natural light and, in the evening, this room comes alive with sensitive lighting and views of the twinkling lights of Verbier. The living area to the right is the ideal place to gather, relaxing on generous and comfortable sofas, and enjoying the cosy ambience of the open fireplace. The other side of the room is dominated by a beautiful handmade oak dining table which seats ten people. It is overlooked by an attractive modern kitchen, finished in dark blue and chrome. A central island doubles as a convenient breakfast bar.

On this floor, there is also a guest WC as well as a ski and boot room with heated boots warmers and plenty of storage for skis and other equipment.

The top floor of the chalet is dedicated to the fabulous master bedroom, with vaulted ceilings. It is decorated in muted, calming tones and really is a haven of tranquillity. It features an en-suite bathroom with separate shower and his 'n hers sinks. There is also a walk-in dressing room with plenty of storage. Large sky lights bathe the room in sunshine.

Taking the stairs down to the ground floor, there are a further four bedrooms, each unique and decorated with exquisite taste. There are two twin/double bedrooms, one double bedroom and a bunk room. The bunk room is an ideal bedroom for children and sleeps two. The further three bedrooms are to the front of the property. One of the twin/double bedrooms shares a bathroom and a separate shower room with the double bedroom. The final twin/double has an en-suite shower room. These bedrooms all have access to the terrace featuring an outdoor hot tub, which takes advantage of the outstanding views. The hot tub can also be accessed via a set of exterior stairs.

Also on this floor is the laundry room with separate washing machine and dryer.

The outdoor parking and drop off point for Chalet Mowgli is 100m from the chalet, here you will find one space dedicated to the chalet. The chalet is then access on foot by a path.

Chalet Mowgli is sold on a self-catered or accommodation only basis.

An aerial photograph of a dense mountain village in winter. The houses have snow-covered roofs and are interspersed with evergreen trees. A tall, white church tower stands out on the right side. The foreground is blurred with out-of-focus branches.
