PART OF LE COLLECTIONIST

MOUNTAIN ELEGANCE is exemplified in this decadent apartment set in a prime location

Inverno is the height of alpine chic. Tastefully decorated throughout, the apartment sleeps six adults in three bedrooms with two bathrooms. And it's just a short stroll to the main Médran lift station in Verbier.

The focal point of the open plan living and dining area is the grand stone fireplace. Other striking features of this room include the double-height ceilings, a mounted stag above the fireplace, and a stunning antler chandelier above the dining table. This is fireside comfort on a grand scale.

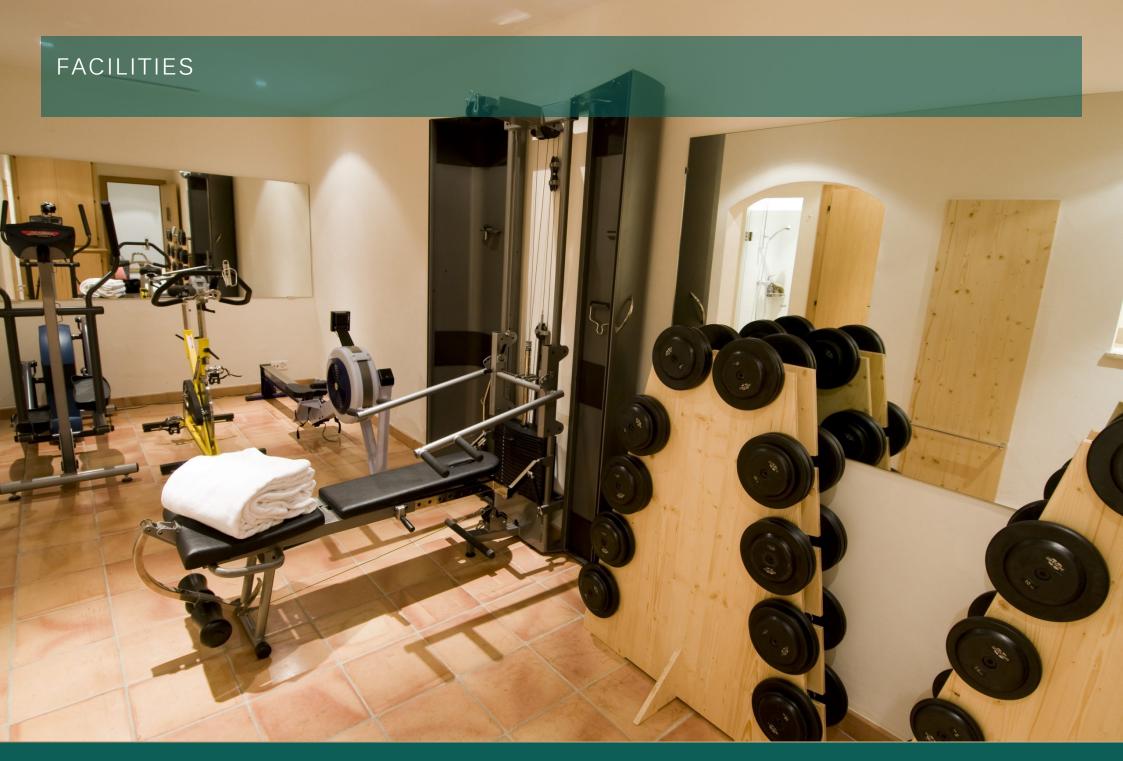

The open plan lounge/dining area/kitchen is adjoined by the TV den, equipped with Bose surround sound. The Bose system runs throughout the apartment and can be accessed and individually programmed from most of the rooms.

The bedrooms are chic and simply decorated in antique wood with the finest cotton linen and robes to relax in. The master bedroom has a king-size double bed and doors opening onto the terrace. On the other side of the apartment is a small double bedroom and a double bunk room (with queen-size beds) suitable for two adults. These two bedrooms share a bathroom and there is a further separate toilet.

Both the en-suite and shared bathroom have 'rain' style shower heads and beautiful free-standing bath tubs.

There is also shared gym in the building that guests have access to.

The Verbier apartment comes with its own ski locker and electric boot warmers.
