DESCRIPTION

REDEFINING THE LUXURY CHALET EXPERIENCE

Tire Buchon is a gorgeous family chalet that sits at the end of a beautiful snowy track just off the Route de la Marlene, this chalet has plenty of room for a couple of families to share.

There are a total of five bedrooms in this luxury chalet in Verbier and it is elegantly furnished throughout. Perfect for families, the chalet has a lovely little TV snug behind the living area and an adorable bunk room, sleeping two children.

Situated above the Savoleyres lift station, the chalet occupies an elevated position which means you have really breath-taking views of the surrounding mountains and across to Bruson. The chic living room and elegant dining room are perfect for entertaining.

You enter the chalet on the ground floor where there are three bedrooms and a laundry room. There are two en-suite double bedrooms and the en-suite bunk bedroom. Upstairs on the first floor is a spacious well-equipped kitchen, open plan with the living and dining room. The chic living room and elegant dining room are perfect for entertaining, with the focus being a beautiful stone fire place. There are lovely alpine influences in the furniture and art but the overall feeling is calm and comforting.

Large glass doors open out onto the spacious terrace, perfect for a morning coffee in the fresh air. You can't help but feel at peace up here above the village of Verbier.

Two double bedrooms are located on the top floor. The master has an en-suite bathroom and access to the balcony. You can snuggle up and take in the views from bed. The other double bedroom on this floor also has an en-suite bathroom and balcony access.

We really love the fresh take this chalet has on traditional mountain style and we think it's just the perfect place to enjoy time together with your family.

The chalet is accessed along a snowy road and a 4x4 vehicle is advised. The chalet has 3 indoor parking spaces in the private garage.

The chalet is available on a self catered basis.

An aerial photograph of a densely packed mountain village in winter. The houses have snow-covered roofs and are interspersed with evergreen trees. A tall, white, modern church tower stands out on the right side. The foreground is blurred with out-of-focus branches, creating a sense of depth.
