WESTROCK IS A GORGEOUS MOUNTAIN HOME with

breathtaking views and beautiful interiors.

Completed in 2021, WestRock is a stunning five-bedroom chalet, sleeping eight plus two children, finished to the highest of standards. The chalet seamlessly combines luxurious modern finishes with carefully considered craftsmanship.

The property is directly attached to a neighbouring chalet, which is located directly next to WestRock, they share a garage and entrance hall. WestRock is laid out over five floors, with stairs linking all the floors of the chalet. Arriving to the property you can enter the chalet directly through the shared garage into the beautiful shared entrance hall with bespoke lighting and natural finishes.

The garage and entrance hall are shared with the neighbouring property EastRock. On this floor, you will also find the dedicated boot room complete with boot warmers and plenty of space for storing your skis.

Taking the stairs up to the ground floor you will find the second of the chalets entrance areas. This floor is also home to three stylish twin/double bedrooms, all en-suite, two with en-suite shower rooms and one with en-suite bathroom. With flexible bed configurations in all three of these bedrooms it allows for flexibility in guest configurations. Also on this floor is a private laundry room.

An impressive stone fireplace sits in the corner of the room, giving a warm and inviting feel to the room.
